

## The Citizen Show

Merriam Webster defines Citizen as: “**1**: an inhabitant of a city or town; *especially*: one entitled to the rights and privileges of a freeman

**2 a**: a member of a state **b**: a native or naturalized person who owes allegiance to a government and is entitled to protection from it

**3**: a civilian as distinguished from a specialized servant of the state”

What does it mean to you? How do you interpret “Citizen”? How do you express “Citizen”? Good Citizen wants to know.
